

Advanced Duct Systems

Because Quality Matters

ABN: 15137674750

Galvanised End Disk

ADS's Gal End Disks are made from std gal sheet metal
1.6mm.

These disks are used to blank off a duct run that is not
being used, or one that will be added onto at a later date.

Affixed by a simple lock ring, these pieces are heavy
enough to not be sucked in or vibrate making noise.

Sizes: 80—400mm

Dimensions

D	Part #
80	GED080
